```cpp
#include <iostream>
using namespace std;

int main() {
    cout<<"Welcome to Talent Battle";
}
```

```cpp
#include <iostream>
using namespace std;

int main()
{
    char ch;
    cout << "Enter a character: ";
    cin >> ch;
    if (isdigit(ch)){
        cout << "Invalid Input";
    }
    else if ((ch == 'a') || (ch == 'A') || (ch == 'e') || (ch == 'E') || (ch ==
'i') || (ch == 'I') || (ch == 'o') || (ch == 'O') || (ch == 'u') || ch == 'U')
    {
        cout << "Vowel";
    }
    else
    {
        cout << "Consonant";
    }
    return 0;
}
```
